PROFILE

I am a highly motivated Full Stack Web Developer with a proven track record of team leadership, seeking a career in which I can use my problem-solving skills in a creative way. After successfully completing an intensive bootcamp program, I am making an exciting transition from a 4+ year team leader role. I bring passion for building strong logic into projects and implementing creative interactive features, to create user experiences that captivate and engage visitors.

LANGUAGES

- English
- French
- Spanish

SKILLS

HTML, CSS, JavaScript, Ruby on Rails, Git, Github, SQL, vue.js, Heroku

PROJECTS

ShopWise [🔗](#)

2024

- Mobile web app to help users find the best total price for groceries and generate recipes based on a given list.
- In a team of 5, we used Ruby on Rails, Edamam and OpenAI (recipe generation) APIs, Pundits, Heroku, and more.
- Further Developments: saving recipes feature and navigation instructions.
